AVG. ALTERATIONS BUDGET

Brides	\$225-425
Graduates	\$95-285
Bridesmaids	\$45-125

ABOUT MY RESERVATIONS

The best way to guarantee service is to book a reservation as soon as possible. You do not need to be in possession of your dress to pre book your services. Your reservation secures availability for future appointments.

Typically we start the actual alteration process 12 weeks before your event / departure date. We find that 80% of clients experience weight fluctuations prior to their event. It is for this reason that we plan a weight check fitting for 3 weeks before your event.

You will need to bring your dress/garment to your first fitting. You should bring any undergarments you plan to wear as well. You will also need to bring the shoes you plan to wear to the event (or shoes of a similar height). When we wear a high heel the pelvis tilts and the bustline fit is changed. It is important to have your shoes to assess length and fit.

You can expect to have 2-3 in person fittings during the alteration process. It is our policy to have all formal garment completed a minimum of 2-3 weeks before the event.

Consultations are always free and can be booked at anytime. It is a great way to meet your tailor and discuss the project and pricing. Often you will take your dress home after your consultation.

STRUCTURAL ALTERATIONS

Are you hoping to change the style of an element of the dress design? This is called a STRUCTURAL alteration and requires a consultation as soon as possible. What may look like a simple change is often structurally complicated and sometimes technically impossible. Consult a seamstress AS SOON AS POSSIBLE about design changes to avoid disappointment.

Examples of structural alterations may include:

- Adding a corset back
- Adding sleeves
- Adding a slit
- Adding pockets
- Adding lining or crinoline
- Changing a neckline
- Changing a skirt shape/fullness
- Changing or moving a waistline

You need to confirm WITH THE SEAMSTRESS YOU ARE HIRING TO DO THE WORK that these types of alterations are possible.

Please note: We are unable to use the length cut from your dress to create any accessories
